As part of our **Department of Lifelong Learning and Extension (DLLE)** activities, a group of students and faculty visited the **Mahila Kaushalya Exhibition** held at the University of Mumbai on 10th April 2025. The exhibition aimed to showcase and promote the entrepreneurial skills and vocational talents of women across various sectors.

Our students had the opportunity to interact with women entrepreneurs, understand innovative practices in small-scale industries, and explore traditional crafts, handmade products, and sustainable business models. The visit not only broadened their awareness of women-led enterprises but also inspired them to consider skill-based and entrepreneurial avenues aligned with the vision of self-reliant India.

The event was a valuable learning experience that reinforced DLLE's objectives of community engagement, skill development, and social responsibility.
